A Dog's Way Home

Written by Bobbie Pyron

Booktalk!

A car crashes with the sounds of splitting metal and shattered glass. Beautiful Shetland Sheepdog, Tam, tumbles off the cliff in his crate. He lands in a valley, terribly battered, but alive. His owner, Abby, is critically injured, but she knows in her heart that Tam didn't die. After Abby recovers from her injuries, she and her family search for the dog ... but there is no sign of Tam anywhere.

Tam must journey hundreds of miles and many months in the impossible task to find Abby. Will he have the strength and courage to find his way home?
