## FLAWED DOGS

Written by Berkeley Breathed

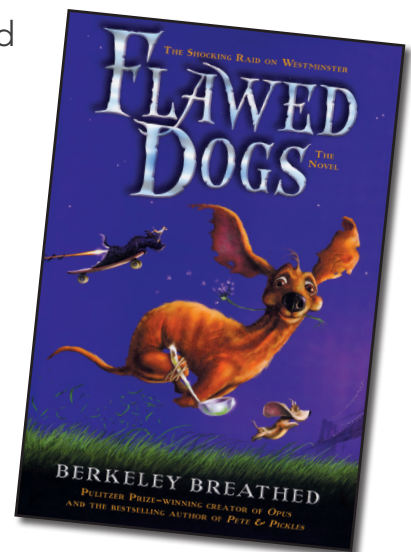

### Booktalk!

Nobody's perfect – certainly not Sam. Sam used to be a show dog, but now he's flawed.

He is actually a dachshund who hasn't had it easy. A series of terrible things have happened to him, including getting stuck in a trap and being hit by a car.

Cassius, a jealous poodle, is the cause of Sam's misery and is about to get a taste of her own medicine. Sam's band of ragtag flawed dogs from the National Last-Ditch Dog Depository are about to turn the world-famous Westminster Dog Show on its ear.

This illustrated novel is equal parts sadness and hilarity. It will make you want to run to your nearby animal shelter and rescue a dog today!

Best for ages 9–12
