### *Booktalk!*

When Leo and Hollis lose their parents to a plane crash, the brothers fall under the guardianship of their wealthy and peculiar step-uncle. Soon after they arrive, Leo receives a mysterious package from his father, arranged long ago to be opened when he turns 13.

What Leo discovers through that package is an incredible ability that allows him to hear the history of objects by touching them. But one object he encounters contains a mystery far darker than the rest...

Best for ages 10–14
