

Media Center Door Sign

Materials:

cardboard
twigs
hot glue
black pipe cleaners
yellow construction paper
pencil
paint, including brown
Camp Read a Book letter pattern
bug from logo (pattern)
utility knife
white glue
wire, twine, or rope
scissors

Directions:

1. Paint cardboard with tan paint.
2. Once paint is dry, use brown paint on cardboard to create faux wood. Let dry.
3. Trace letters onto yellow construction paper using a blue marker.
4. Cut out letters and use white glue to attach to sign.
5. Print bug from logo and glue onto cardboard with white glue. Cut out with utility knife.
6. For antennae, hot glue black pipe cleaners onto bug.
7. Hot glue bug to sign.
8. Hot glue rope or twine to sign and hang. If you use wire, you can poke holes through the cardboard to attach wire.
