

Uncle Sam &  
Abe Lincoln  
stovepipe hat

hat brim:  
enlarge as needed and cut 1

fold on dotted line; and tuck and glue tabs onto inside of hat cylinder

Cut on  
solid black  
lines.

inside hat diameter: 7 inches

hat brim diameter: 12½ inches

decorative star:  
cut 3

Create stovepipe hats by cutting stiff felt in 10 inch sections. (Use red for Uncle Sam and black for Abe Lincoln.) Roll sheet into tube and staple or glue. Cut a circle with a 12½ inch diameter out of stiff felt. Stand tube shape up on circle. Punch out the inside of the circle by cutting by shaped pieces out from the center. Fold onto the tube and hot blue in place.. (For Uncle Sam, add hat stripes, hat band, and stars.)
