

## Easy Cupcake Recipe

Makes 12 cupcakes

You'll need:

1-1 ½ cups all-purpose flour  
1 teaspoon baking powder  
¼ teaspoon salt  
½ cup (1 stick) unsalted butter, softened  
¾ cup granulated sugar  
2 eggs  
1 egg yolk  
2 teaspoons vanilla extract  
½ cup of milk

### Directions:

Preheat oven to 350 degrees F. Butter and flour a muffin tin. In a small bowl, whisk together the flour, baking powder, and salt.

In medium bowl, beat butter until light and fluffy with mixer on high speed. Gradually beat in sugar until light and fluffy. Reduce speed to medium. Beat in eggs, one at a time, egg yolk, and vanilla. Reduce speed to low. Beat in flour mixture alternately with milk, just until blended.

Spoon batter into muffin tins ¾ full. Bake for about 20 minutes. Cool 15 minutes in the muffin tin.
