The Puppy Place: Sugar, Gummi, and Lollipop
by Ellen Miles

Booktalk!

Staying at her friend Maria’s family cabin means Lizzie must abide by the Santiagos’ rules: no candy for the whole weekend. It sounds tough, but luckily, she’s in for something even sweeter. There’s a box of three adorable, tiny puppies on the cabin porch! With no one else around to take care of them, Lizzie, Maria, and the Santiagos take on the task of keeping these pooches in line. The three pups love each other so much, Lizzie can’t dream of ever separating them. But who could possibly adopt three tiny puppies at once? 

Best for grades 2–4
