

Elephant & Piggie: Should I Share My Ice Cream?

by Mo Willems

Booktalk!

It's a very hot day, so ordering ice cream makes Gerald extremely happy. He loves ice cream! His best friend Piggie loves it, too. But should Gerald share his ice cream with Piggie? She might not like the flavor, and she might not even realize Gerald ordered ice cream in the first place. But what if Piggie is feeling sad today? Ice cream might cheer her up. Gerald decides he must find her, but if he doesn't find Piggie quickly, his ice cream could melt, and then neither friend could enjoy the cool, sweet treat. Maybe Piggie has the very same idea!

Best for Grades K-2
