

Booktalk!

Moby Shinobi: Ninja on the Job

by Luke Flowers

Booktalk!

Moby is excited to share his ninja skills, which include chopping, throwing, spinning, dashing, zooming, and swinging, with Builder Bill. With only one more house to build, Moby is eager to help. But when he puts his ninja skills to work, Moby breaks boards, loses hammers, and spills dirt in all the wrong places! Even though he did his ninja best, Moby is asked to leave the job site. But when a little dog gets stuck in some wet concrete, Moby convinces Builder Bill that help is here. After all, he is a ninja without fear! Can Moby save the day?

Best for Grades K-2
