

Hello, Parents!

PETE the Duck helps make recycling a family affair! Use this family activity to discover products in the bathroom that can be recycled. Then make a PETE the Duck recycling bin. Start by cutting out the image of PETE below and tape it to a recycling bin. Let your kids customize it with stickers and colored markers. Put the bin in your bathroom and soon you'll have more products to recycle.

FAMILY ACTIVITY

1. Find these recyclable items in your home.
2. Write where you found each item.
