

Games Make Learning Fun

Develop Critical Skills With Classroom Games

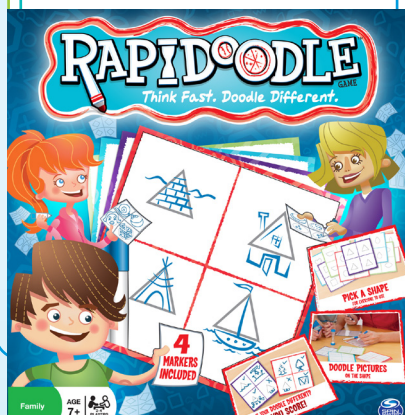

Deductive Reasoning

Reasoning skills support students in using **context clues** to decipher the meaning of new words. Help students develop **deductive strategies** with Hedbanz, a game that requires students to ask questions to determine what card is in their head band. *Ages 7 and up.*

Creativity

Rapidoodle supports **originality** by rewarding players who come up with a unique drawing from a given shape. Use Rapidoodle to warm up for **writing activities** and get your students' creative thoughts flowing. *Ages 7 and up.*

3D Spatial Awareness

Research has shown that students with strong **spatial-thinking** skills excel at math and science later in life. Pair spatial terminology with the Perplexus obstacle course game to expand spatial awareness and strengthen **STEM skills**. *Ages 7 and up.*

100
winners!

Teacher Sweepstakes

It's easy to enter for a chance to win these games for your classroom at Scholastic.com/classgames.

NO PURCHASE NECESSARY. The "Classroom Games Sweepstakes" is open to legal residents of the 50 United States (including the District of Columbia) who currently teach grades 1 through 6 in the 50 United States (including the District of Columbia) and who are 18 years of age or older. The deadline to enter is October 21, 2015. Entrants must submit a completed online sweepstakes entry form, which is accessible at scholastic.com/classgames. One hundred (100) prizewinners (the "Winners") will receive three classroom games from Spin Master (total approximate retail value \$60). Void where prohibited. Additional restrictions apply. For complete rules, go to scholastic.com/classgames.
