

Family Page Project

I have sent home, with your child today, a large piece of paper for you to use in helping your child complete a project we will be sharing and displaying at "Back-to-School Night." Please help your child decorate this page with information about your family.

Here is a list of ideas that some of my student's families have done in the past. You can use any of these ideas that you like and are welcome to come up with some of your own:

- Attach family photographs.
- Write a few sentences about the family's favorite holiday, favorite thing to do as a family, favorite family hobbies, favorite family game, favorite bedtime books or song.
- Write the names of the people in your family or letting family members sign their own name.
- Write about what makes your family special.
- Have your child illustrate pictures and/or draw designs.
- Attach stickers or souvenirs from special trips.
- Cut pictures out of magazines to help decorate it.

There is no right or wrong way to do this!!! The most important thing is to have fun, be creative and share with your child the things that make your family special! The only requirement that I have is that somewhere on the page it is written "(your child's name) Family". The children love talking about themselves and their families so much; they always get a kick out of showing off this project!

Projects are due by <your date here>, so I can display them for Back-to- School Night. I would also like to laminate the pages for durability. If you use pictures on the project that you do not want laminated, please let me know by leaving me a message at <your telephone number or email here> or by sending a note! The kids usually love to hang this up in their room when I send it back home and the lamination helps protect and preserve it for a long time.

Thank you for your help.
