

What will you and your classmates do to tell people about the problems facing the mountain gorillas? Use this page to plan your project. To complete an action plan, find information on www.scholastic.com/mizagorilla and on other Web sites. Write your answers to the questions below on a separate sheet of paper.

PROBLEM: Only about 720 mountain gorillas remain today. The mountain gorilla is an endangered species, an animal that is in danger of disappearing from the earth.

SOLUTION: Start a project to tell others about the endangered mountain gorillas, and raise money that will help pay for ways to save them.

1. What will you do to teach others about the issue?
 2. What main facts about the mountain gorillas will you include in the posters, articles, letters, and other things you create?
 3. What kind of events can you plan in order to raise money to help the Owen and Mzee (Mi-ZAY) Foundation fund solutions to save the mountain gorillas and their homes?
 4. Where do you hope to spread your message—your classroom, school, other group, town, state, country, world? How much money do you hope to raise?
- REFLECT:** How will you know whether your project is successful?
