

## **FIRE SAFETY**

**if I were Sparky the dog... I would tell the kids not to play with matches. I would tell the little kids not to get near hot stuff. They need to have an escape plan for at home or anywhere you are at. I also would tell the kids not to go near fires. I also would teach little kids about fire safety. I would tell the children not to go near a hot stove. I would tell them to be prepared for a fire. I would tell little kids not to play with lighters. Don't be scared of the fireman. If something catches on fire get out as fast as you can!**
