Saturday Morning at the Market

Use the prices from the grocery stand on the “Fresh from the Farm” page to answer the questions below. Show your work on the back of this page.

1. Christine and Jasmina buy a pineapple to share after lunch. If each pays half, what is Christine’s share? ________________

2. Anna’s mom asks her to buy two endives, one bunch of green asparagus, and three red peppers. How much will this cost? ________________

   If Anna’s mom gives her a $10.00 bill, how much change will she get back? ________________

3. Jonathan needs 27 peaches to make enough peach parfaits for his birthday party. He doesn’t want to have any peaches left over. How much will he pay to get the best buy? ________________

4. Emily loves to eat one mango at breakfast time every day. On Saturdays, she eats two mangos instead. How much does Emily’s supply of mangos cost her every week? ________________

5. Paul has a dollar bill, two quarters, and a dime in his pocket. Does he have enough to buy two kiwis? ________________

6. Keesha and two friends have $1.00 to buy a snack. One friend wants a red apple. Another wants an orange. Keesha would like to buy a plum. Which color plum could she buy with the money left over? ________________

7. Mrs. Simpson stops by the market for some apples to make apple pies.

   Estimate how many red apples she can buy with $5.00. __________

   Now estimate how many green apples she can buy with the same amount. ________________

8. Steve wants to serve hot apple juice at his Halloween party. If each bottle of apple juice serves 6 people, and if Steve has invited 13 people, how many bottles should he buy? ________________

   How much will this cost? ________________

---

**MY “MORE IS BETTER” GOAL**

Eating a colorful variety of fruits and vegetables gives your body many of the vitamins, minerals, and fiber it needs to stay healthy. For example, citrus fruits like lemons and oranges are rich in vitamin C, which helps your body heal if you get sick or hurt. There are many varieties of citrus fruits. For the next week, see if you can eat a different one every day.
