Think of a short-term goal you would like to accomplish in a week. Write your goal below:
_____________________________________________________________________
_____________________________________________________________________

How will you accomplish your goal? Write your steps below:
1. ____________________________________________________________________
2. ____________________________________________________________________
3. ____________________________________________________________________
4. ____________________________________________________________________
5. ____________________________________________________________________
6. ____________________________________________________________________
7. ____________________________________________________________________
8. ____________________________________________________________________
9. ____________________________________________________________________
10. ___________________________________________________________________

Now, follow the steps in your **Recipe for Success**. Let your teacher know how things are going!

**Did you accomplish your goal?**
If not, what could you have done differently?
