

Here Are More Ways to Use Shutterfly in the Classroom

Teachers, take advantage of all the great ways Shutterfly can help in the classroom.

- Take and display a picture of the Student of the Week.
- Create a Safety Notebook with photos of adults who are authorized to pick up students.
- Create personalized thank-you cards with pictures of students for parents or other volunteers.
- Chronicle holiday parties and field trips to share with students and parents.
- Create student face cards to help substitute teachers take attendance.
- Print student photos to share with parents on parent-teacher night.
- Create a class newsletter that includes student photos and stories.
- Create a community brochure that includes photos and student descriptions of local area attractions.
- Create a photo Puzzle with a class photo as the graphic for students to put together.
- Create a Photo Show DVD to show at the end of school open house.
