# National Park Adventures

Discover some of the exciting things you can explore at National Parks around the country. Then write about an action adventure you'd like to have at a National Park in the space at the bottom of the page.

## Golden Gate National Recreation Area

Could you run the length of the Golden Gate Bridge? You'd have to run quite a distance, almost 2 miles! Today, the Golden Gate Bridge is the seventh-longest bridge in the world.

## Boston National Historical Park

Could you ring one of the eight bells at the Old North Church? The Old North Church has the oldest bells in North America! To ring the heaviest one, you would have to pull a rope attached to a bell that weighs 1,545 pounds!

## Grand Canyon National Park

Could you hike the rim of the Grand Canyon? The Grand Canyon is 277 miles long! It is very difficult to climb from the rim to the bottom because the canyon averages 4,000 feet deep!

## Now Write Your Own Adventure!

National Parks are full of action! Choose one of the National Parks above, and write about your own real or make-believe adventure in the space provided. Use a blank sheet of paper if you need more space.
