

# O Outdoors!

## Bluebirds, Robins, Cardinals, Oh My!

Make your own bird feeder!

### Here's what you need:

- One large pinecone
- 18-inch piece of string
- Spoon
- ½ cup Skippy® Peanut Butter
- ½ cup birdseed
- Newspaper

### Here's what you do:

1. Tie one end of the string to the base of the pinecone. Leave about 10 inches to hang the bird feeder from the tree.
2. Spread the peanut butter onto the pinecone with the spoon.
3. Spread the birdseed on the newspaper. Then roll the pinecone over the birdseed.
4. Hang the pinecone from a tree branch where you can see it. See what kinds of birds use it. Use a local field guide to help your child identify the different kinds of birds.
