# FUN WITH FRIENDS! SUPER CODES!

Create and decipher secret codes with your friends!

Cut out each circle. Place the smaller one on top of the larger circle. Ask an adult to help you poke a hole through the center and then secure it with a paper fastener or paper clip.

Turn the smaller circle to match any symbol to the letter A. That will be your “key” symbol. You have to tell your friend the key symbol so that they can decipher your coded message.

Once you know what your message is, spell it out using the symbols instead of the letters and give it to your friend to decode!
