

Dear _____,

Great news! I learned that it is now possible for parents to place Scholastic Book Club orders online and directly pay for the books by credit card.

Online orders are combined with the orders you collect in class. You determine the deadline for orders, and the books still ship to the classroom. The best part is that the appropriate Bonus Points will still accumulate in your account to use for FREE books and materials for your classroom.

I hope that you will check out the website (scholastic.com/clubsordering) and consider online ordering. If parents order online, you don't have to tally orders or handle money, so it will make using Scholastic Book Clubs easier than ever before!

Sincerely,

_____ 's parent
