

# Little people can make BIG MUSIC!

Dear Parents,

**Talk. Read. Sing.**® These are the three simplest things you can do to help promote healthy brain growth. It's the brain-building exercise that children need to help them succeed in school and in life. It can change everything: vocabulary, learning, self-confidence, and futures.

Now it's even easier to bring music and songs into your home! Visit [scholastic.com/first5ca](http://scholastic.com/first5ca) to listen to free bilingual recordings by beloved educator and musician José-Luis Orozco and newcomer Sara Quintanar. Plus, you can download a free songbook filled with music and fun activities just for you and your child!
