

## Comic Design: Drawing and Coloring Your Comic Strip

Use these panels to begin sketching and coloring your comic strip. Follow the tips below to help you complete the task!

--	--	--

Panel 1

Panel 2

Panel 3

- Start with graphite pencils for your initial sketch.
- Sketch out characters on scrap paper to get them the way you want.
- Write out dialogue first so you know how much space to leave in your art for text.
- Use word or thought bubbles to give your characters a voice!
- Use colored pencils or markers to bring your comic strip to life!
- As a final step, “ink” your lines with art markers to add definition.
