## IMAGE RIDDLE DECODER

One clever way to hide a secret message is to use a riddle decoder. Spies can send each other messages written in symbols or pictures instead of letters, as long as they all know which symbol represents which letter. The enemy will never be able to figure out the message—unless the answer key lands in the wrong hands.

<b>A</b>	<b>B</b>	<b>C</b>	<b>D</b>	<b>E</b>	<b>F</b>	<b>G</b>	<b>H</b>	<b>I</b>	<b>J</b>	<b>K</b>	<b>L</b>	<b>M</b>
												
<b>N</b>	<b>O</b>	<b>P</b>	<b>Q</b>	<b>R</b>	<b>S</b>	<b>T</b>	<b>U</b>	<b>V</b>	<b>W</b>	<b>X</b>	<b>Y</b>	<b>Z</b>
												

Try to decode this message:

The trick of it: Share the riddle decoder with your fellow agents and memorize it, or keep it in a **VERY** safe place.
