

Lesson 16**Greek Roots**

- A.** Read each sentence. Use the roots in the box to figure out the meaning of the underlined word. Then write the word's meaning on the line.

A **root** is a word or word part that comes from another language and is used to build English words.

Root	Meaning
<i>auto</i>	self or same
<i>graph</i>	write
<i>bio</i>	life or living organism
<i>tele</i>	reaching over a distance

- 1.** We use a telephone to talk to our friends in England.

- 2.** The author will autograph his book for you.

- 3.** Many of us studied biology in school.

- 4.** They hoped that they could read the hero's biography.

- B.** The root *therm* means "heat." Look through the dictionary for two words that have the root *therm*. Write each word and its meaning.

5. word: _____ meaning: _____
