

A FAMILY CELEBRATION

Dear _____, (Family Member's Name)

In class we are learning about important family places. Please help me answer these questions with stories about our family.

1. Where was our family from originally?
2. When you were my age, where did you live? What was it like there?
3. Did our family ever move? From where to where, and when?
4. Besides the place we live now, what other places are important to our family?

Thanks for your help!

Love,
(student's name)
