

**TOP SECRET**

**THE 39 CLUES AGENT DOSSIER • INTERVIEW TRANSCRIPT**

In order to be absolutely certain that the authors of The 39 Clues were up to the task of chronicling Amy and Dan's hunt for the Clues, they were asked a series of questions. The following transcript of an interview with Linda Sue Park was recently recovered.

**AGENT NAME:** LINDA SUE PARK  
**FAMILY BRANCH:** LUCIAN  
**\* AGENT CARD CODE:** P374FCCKXP

**AGENT FILE:  
LINDA SUE PARK**

**You want to lose suspicious Cahills tailing you. What disguise would you wear?**

Police officer. They do that in the movies all the time—get hold of a cop's uniform and put it on—Oh, wait. I'm only 5'2", could be hard to find a uniform that will fit. OK, so I've changed my mind: I'll wear jogging gear, so it won't look suspicious when I run away.

**Your hunt takes you to an international city, but you need to lay low for a while. Where's the best place to hide?**

In the crowd. I'd play tourist and go to the most crowded sites. Maybe attach myself to one of those big tour groups that travel in packs of buses everywhere.

**Your passport is filled with romantic and exotic destinations. Which three countries would you like to add to its pages?**

Italy (I've been there before and want to go back). St. John, in the Caribbean, because I love to snorkel. And Sudan, because all Americans need to know more about Africa. (China would be my fourth choice.)

**Madrigals insist that you were once banned from a country. Were you? Confirm or deny.**

Deny. That time I was turned away at the border trying to enter Switzerland? That was a case of mistaken identity. No, really.

**While conducting surveillance on unknowing Cahills, your favorite snack is \_\_\_\_\_.**

Edamame (already shelled). Delicious, healthy, and can be eaten quietly.

**You're trapped in an enemy Cahill stronghold and must commandeer an escape vehicle. Would you most likely fly a plane, pilot a submarine, or drive a tank?**

Fly a plane. Tanks are too cumbersome and a submarine needs a lot of water to operate properly. But there's air everywhere.

**Your brain is fried after a long day of research, writing, and code-cracking. What do you do to revitalize it?**

Read a really good book. Or watch a baseball game. Or play DDR (Dance Dance Revolution).

**Cahill spies know most of your secrets. Can you share a secret about yourself they haven't discovered yet?**

With my eyes closed, I can tell the difference between a red M&M and a green one. The red ones taste terrible.
