

DAWN'S FRIENDSHIP BRACELETS

You have your friends, but how do you know your friendship is the real deal? Make it official with friendship bracelets, of course! Try one at your next party or as a gift for an upcoming birthday. You will need the following items:

EMBROIDERY FLOSS

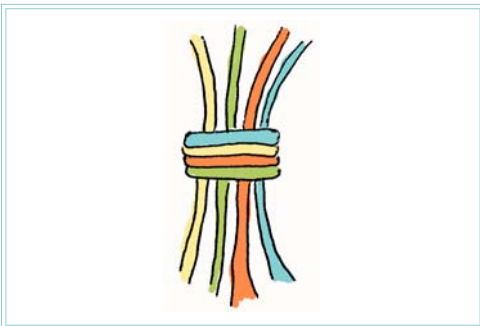

SCISSORS

TAPE

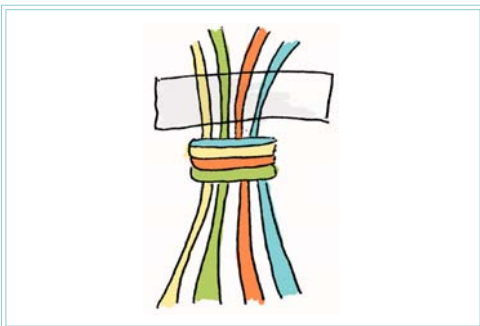

1

Pick four colors of the embroidery floss. (Choose your friend's favorites!)

2

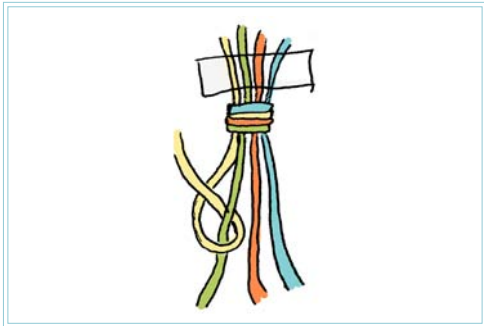

Take one strand of each color, about 3 feet long, and tie them all in one knot at the top.

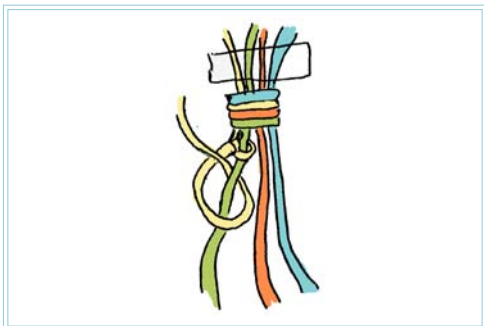

3

Using your tape, secure the top knot to a desk or hard surface, allowing your strings to extend freely below.

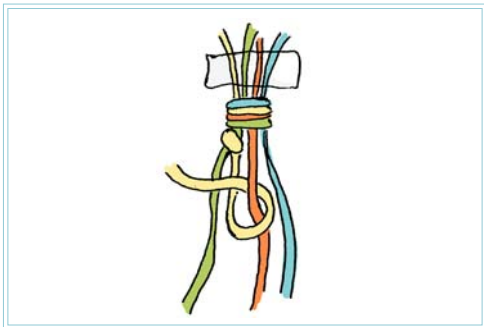

DAWN'S FRIENDSHIP BRACELETS

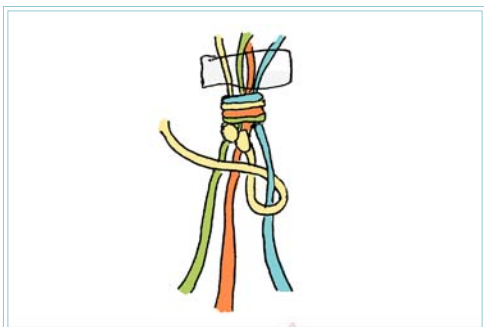

- 4** Pick up your first string, and loop it over then under your second string. Hold your second string straight as you pull the first string to make a knot.

- 5** Repeat Step 4, creating a double knot.

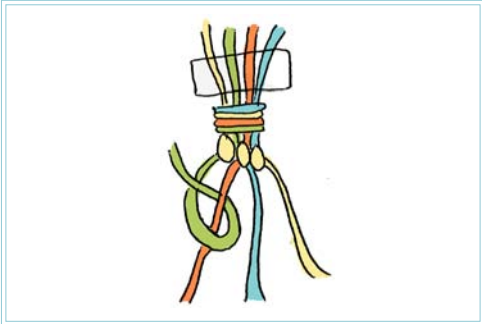

- 6** Take your first string and make a double knot (See Steps 4 and 5) around your third string.

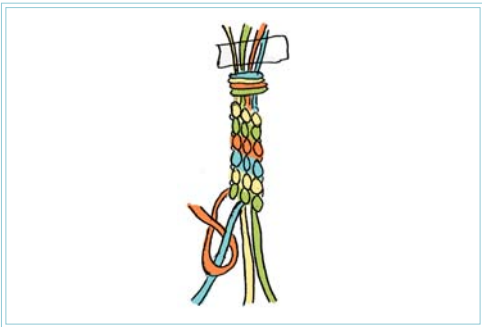

- 7** Take your first string and make a double knot (See Steps 4 and 5) around your fourth string.

DAWN'S FRIENDSHIP BRACELETS

8 Repeat Steps 4-7 starting with your left strand, making double knots across each of the other strands.

9 Continue until you've formed the entire bracelet.

10 To complete your bracelet, tie one knot with all of the strings. Trim off any extra string.
