Pencil

- STEP 1:** Using your scrap paper and pencil, draw an outline of your clothing item.
- STEP 2:** Within the outline draw any patterns, shapes, or images you think would be cool.
- NOTE 1:** Imagination is key. Have fun with it!
- NOTE 2:** If you're not confident in your drawing, consider printing some outline images from the Internet.
- STEP 3:** Decide in advance what colors you think would work best for your design.
- STEP 4:** Now that you've settled on a design, the colors used in the design, and know where it will be placed on your clothing item, begin replicating the design on your actual clothing.
- NOTE:** Be careful with your markers. Once you draw something, it's permanent.
- STEP 5:** When you are finished with your design, allow a little time for it to dry.
- STEP 6:** Your creation is complete. Show off your new style!
