

DAWN'S PIRATE HATS

Does your sitting-charge have a spirit for adventure? All you need for this activity is a sheet of newspaper and an ability to follow folding instructions.

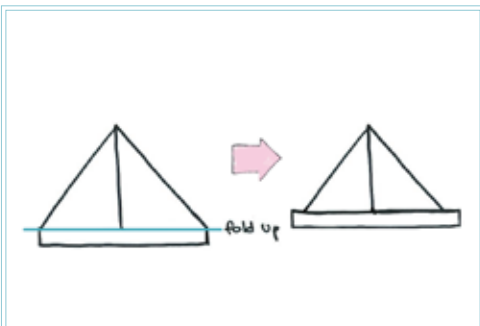

1 Take one page of newspaper and fold it in half.

2 Grabbing at the corners of your first fold, fold down the top left and top right corners to form a triangle that meets at the center.

NOTE: There will be flaps hanging from the bottom.

3 Now that you have your triangle, you will notice there are two flaps on the bottom. Fold the left flap up onto the left side. Fold the right flap onto the right side.
