

MARY ANNE'S "OUR STORY" GAME

Children have some of the best imaginations around. Let them use it! All this game requires is a pen, a piece of paper, and knowing the rules.

RULE 1: Always start the story with, "Once upon a time..."

RULE 2: Each person is only allowed to say one sentence. After one person finishes her/his sentence, the next person continues the story from where the other left off, adding only her/his one sentence. This alternates each time until the story reaches a natural conclusion.

TIP 1: Write down each sentence as it's created, in this way you can read the whole story from beginning to end.

OPTIONAL: Have crayons and paper ready so the sitting-charge can illustrate her/his favorite parts of the story you created together.
