

## STACEY'S CHECKLIST FOR *The Ultimate Slumber Party*

Slumber parties are such a fun way to bring your girl friends together and celebrate just because! In order to have the best slumber party ever, consider these tips below.

### SLEEPING BAGS .....

Bring a comfy one along, even though you might just stay up all night having fun.

### TOOTHBRUSH .....

Bring a comfy one along, even though you might just stay up all night having fun.

### FOOD .....

Dinner is important. Making a healthy, homemade pizza together is especially fun!

### GAMES .....

Board games or quizzes can get the party going. Choose games that are more interactive so everyone can get involved.

### TRUTH OR DARE (Truthfully, it's a lot of fun, if you dare to play!) .....

Rules are simple. Ask someone truth or dare. They get to pick. If they pick truth, you can ask them any question and they must tell the truth.

If they pick dare, they must perform the dare that you give them.

### MAKE-OVER .....

Restyle your friend's look.

### BREAKFAST .....

**Easy option:** set out cereal and juice for everyone and let them choose.

**Fun idea:** set up a make-your-own-omelet bar, with lots of veggies, cheeses, and toppings to choose from!
