PHOTOCOPY AND SEND HOME TO PARENTS

Stock Up On School Supplies

Send your little one to school packed with everything they need to be healthy, happy and reach their full learning potential.

The right curriculum and habits can make a big difference in how your child grows and develops. That's why we want to teach kids early on the importance of hand health, especially with all of the sharing and discovery in the classroom.

Pick up these back-to-school essentials, and help your kids learn healthy classroom habits by talking to them about using **Wet Ones® Wipes** during class time, before lunchtime, after recess, or anytime when soap and water may not be available. **Wet Ones® Antibacterial Hand Wipes** kill 99.99% of germs and clean better than gel hand sanitizers without drying skin.
