SUPERHEROES DO THEIR RESEARCH

WordGirl needs your help with her shopping list! First estimate the cost of each item below and write it down. Next, draw a circle around the items that are “needs” and draw a square around the items that are “wants.”

Now, talk to a grown-up or use the computer to find the actual costs of these items. Write down the actual costs. Does knowing the costs change your mind about which items are wants and which items are needs? Why?
