**R.A.F.T.S. PROMPT**

You are a beloved pet (cat, dog, bird, rabbit, or whatever you like). You decide to give readers a glimpse of how cool you are by designing a trading card that tells the story of you. Include a picture of yourself at the top that shows your outside characteristics, and a list of your inside characteristics at the bottom. Include words on your list that tell what you are like and what you like to do. Then add a short story about your favorite thing to do—including what comes first, next, and last in one of your daily adventures!
