**R.A.F.T.S. PROMPT**

You are a boat captain who has had many adventures on the water. You've decided that you want to share your love of boating with your friends. You can't wait for them to see the beautiful blue of the water, feel the waves move the boat, and discover all the other things you can explore from the boat! Create a poster that will show your friends the story of your journey, especially where and when you'll be going. Use words and pictures with lots of details to show what it looks like and feels like to be part of this exciting adventure.
