

# Let's Make Sense

**Part 1:** Circle the series of statements that show logic and make sense.

Problem	Which Response Makes Better Sense?	
	Option 1	Option 2
Will de Beest: Mom expects me to get up and run across the plains. It's not fair!	A. The savanna is full of hungry animals. B. You want to eat breakfast, not BE breakfast. C. You need to get movin'!	A. Wild animals cannot be caught. B. Some eat three meals a day. C. They eat raw food.
Carl Crocodile: I feel sick, but I eat almost the same thing as everyone else in my family. I just don't like rocks.	A. Crocs live in forests and mountains by the rocks. B. They hide behind rocks. C. Crocs chew rocks.	A. Crocodiles survive on rocks. B. The rocks help grind up food since crocs can't chew. C. A rock a day keeps the doctor away.
Red and Ronnie Fox: We found a frog, but he doesn't look alive. Is he frozen?	A. Frozen wood frogs are alive! B. They freeze their bodies for up to seven months in the winter. C. In the spring they thaw out.	A. Frozen animals can't be alive. B. I had a frogsicle once. C. It was really cold and sweet.

**Part 2:** What has this exercise helped you understand about logic and making sense when you write?
