Real-Life Reasoning

Identify the logic that author Malcolm Mitchell used in *My Very Favorite Book in the Whole Wide World*. Find at least one example of each type of logic: critical thinking, problem solving, making connections, and deep thinking.

Clue: There is more than one possible “logical” answer to each situation.

Situation	Type of Logic	Reason
Everyone thought Henley hated to read.	Making connections	Henley never reads. Adults assumed it was because he didn't enjoy reading.
Stopped by the library and the bookstore to find a book		
Mama suggests the best stories can be found inside ourselves.		
Henley writes his own book.
