What's Fair Is Fair

You are a local supporter of Manjhi. In an OpEd (opinion editorial) you publish in the regional newspaper, explain how hard Manjhi has been working for 22 years to join two villages together and equalize resources. Share what motivates him and how you feel about one village having so much and the other (yours) so little. Include how Manjhi's determination and perseverance have helped to solve that problem and what it means for both villages and beyond.

Write your OpEd piece on the lines below. If you wish, include a small drawing o Manjhi at work on the back of your paper.
