R.A.F.T.S. for Write-On Page 1

**R.A.F.T.S. PROMPT**

You are the pencil from the story Perfect. The eraser shared his opinion. He thinks your pencil marks are messy, but you think your writing and drawings are perfect on the paper! Write a sentence to let the eraser know what your opinion is about working together. Then, as evidence, use your pencil magic to make the background, and use the eraser to make a picture by erasing some of the pencil marks (like the page where you and the eraser made a sun). Your picture will show the eraser that you both can have different opinions and still work together!
