

Finding Funds for Your Classroom Library

Here are a few suggestions for enlarging your classroom library.

- Use book club offerings and earn bonus points for free books when your students place monthly orders. (Visit scholastic.com or call 1-800-SCHOLASTIC.)
- Encourage your school librarian to contact Scholastic and organize a book fair. Book fairs earn points toward free books and teachers can share this bounty.
- Invite your PTA to sponsor a fund raiser specifically for classroom libraries.
- Collect magazines and comics from family and friends.
- Bring in copies of the local newspaper.
- Comb local yard sales.
- Ask parents to donate books their children no longer read.
- Investigate Scholastic's Classroom Libraries for grades K–9. Each library includes 100 books and a teaching booklet.
