

I SURVIVED

BOOK CLUB

Dear Teachers,

The most exciting part of my work on the I Survived series is being a part of your classrooms. I love hearing that my books are helping you engage readers — especially your reluctant and struggling readers.

That's why I wanted to create this I Survived Book Club, to help build even more engagement and excitement about my books, to provide you with more ways of using the series in your classroom.

Each month I will choose a different book and present a range of videos and activities that will support readers both at home and at school. My videos will preview the book and provide some background knowledge. The printable activities are designed to be fun and also support reading comprehension. There will also be opportunities for kids to win prizes and for classes to connect with me on special virtual visits.

Thank you so much for making my work a part of your classroom life, for giving my work purpose and meaning. As always, I'm eager for your ideas and looking forward to working together!

With Warmest Wishes,

Lauren Tarshis
