

## Criss-Cross Tying Shoes tune splish splash I was taking a bath

Criss-Cross and go under the bridge

Then you got to pull it tight.

Make a loop but keep a long tail

That is how you do it right

Then you take the other string

And you wrap it 'round the loop

Pull it through the hole

Now you got the scoop

Criss-Cross and go under the bridge

(this is where you tie the loops  
together)

Now you made a Double Knot!
