

Dear CLUE Parents-

We have just completed our study of Polar Prowlers and we are ready to begin a new adventure. We will be discovering the world of shells. We will learn about the different animals that use shells as their shelters through research, brainteasers, group discussions, logic puzzles, creative thinking, introspection, and group dynamics. We will also be thinking outside of the box and looking at other types of shells.

We will have a field trip at the end of October. Watch for a letter to come home with more details. If you have any items at home that have a shell, please send it in for our classroom "shell exhibit". Make sure it has your child's name on it. As always, if you have any "Shell" knowledge you would like to share with us, or any shellie ideas, please let me know.

Thanks!

J. White
