

Weekend Math Homework Menu – Class 344

Over the weekend, you have a choice from the menu below for your math homework. Chose one or more choices, and have a parent sign next to the choices you complete. Have fun learning!

February 8 -10 Weekend Math Menu – Factors, Primes, & Composites

Activity Options (Pick at least one)	Parent Signature
1) Complete either “ Arrays and Factors ” worksheet, OR, “ The Factor Factory ” tic-tac-toe worksheet, OR, “ Don't Four-Get Multiples ” puzzle.	
2) The Factor Game – 49! Play the 49-square factor game with a family member or friend. Then answer the questions about the game.	
3) Play the “ Calculate a Happy Chinese New Year ” math game using the attached game board. Tape the two pages together to make a complete game board. You can play this game alone, or share it with somebody.	
4) Play “ Math Lines Factor 12 ” on the computer at www.coolmath-games.com/0-math-lines-xfactor/index.html . If you can beat the 12-factors level, try one of the harder levels to play (18, 20, 30, 36, etc.)
