PLANET 13
END-OF-THE-YEAR
AUCION

Throughout the school year, students have been a part of an authentic classroom economy. During this experience, they have learned about major economic principles while earning money and shopping at Solarset Mall, our class store.

As a culminating activity for this unit of study, students will be participating in a silent auction on Monday, June 15th. They will be able to use their remaining “Cosmic Cash” to bid on items of their choosing.

While we have collected items during the year for this special activity, we could still use some additional items for the auction. If you are interested in donating any desirable items to the class auction, please bring them to school (or send them with your child) by Friday, June 12th. Any gently used or new items that you think would be popular with 3rd graders would be wonderful additions to the auction.

Please let us know if you have any questions about this exciting conclusion to our year-long study of economics!

Sincerely,
Mrs. Newingham & Mrs. Gordon
