

Geometry Scavenger Hunt

Geometry is Everywhere!

- ❖ Are you ready for a geometric adventure? You and your team have 10 minutes to find as many geometric figures as you can.
- ❖ Be on the lookout for parallel and intersecting lines, rays, angles, polygons, and any other geometric shapes you can find.
- ❖ Take a picture of any lines, angles, or geometric shapes you find.
- ❖ On the back of this paper, record what the shape was and where you spotted it!

| Shape | Object | Location |
|---------------|--------|-------------|
| Example: cube | dice | math center |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
