

August 19, 2015

Dear Students,

My name is Mrs. Cabral and I am thrilled to be your homeroom teacher this year. All of our 2nd and 3rd grade friends will be learning and growing skills in all sorts of subject areas. We're going to have a blast together this year!

As your homeroom teacher, I want to take the time to get to know you better. I can't wait to spend some time learning all about you! How was your summer? What fantastic books did you read? What do you like to do for fun? These are just a few questions I'd love for you to answer when you get time.

For now, I will leave you with a little bit about me. I am married to Mr. Cabral and we have two kids together. I came from a school called Highland Ranch, where I taught 4th and 5th grade students. My favorite things to do are DANCE and be with my family! I love KINDNESS and admire those that can share it with the world. Here's a quick list of the rest of my favorites:

- Favorite Color: red and purple
- Favorite Animal: elephants with their trunks up and ladybugs (Not an animal, but are so cute)
- Favorite Food: Salads
- Favorite Book: The Giving Tree

I can't wait to hear all of your favorites! Write me back or have a conversation with me during your free time or on the playground. I'm looking forward to a wonderful time with you!

Lots of Love xoxo,

Mrs. Cabral
