Good-bye, Summer

PEANUTS reprinted by permission of United Feature Syndicate. Inc.

Write About It: How does Sally feel about the end of summer? Did you ever feel that way? Sally's teacher has asked her to write about what she did last summer. You have probably written about this same topic many times! Now write about a summer that you would like to experience! Pretend you are enjoying the summer of your dreams. Write a letter to a friend telling him or her all about your imaginary summer adventures.

Keep Going: In some places (maybe even where you live), kids go to school year-round, with short vacations throughout the year. Do you think Sally would enjoy such a setup? Would you? Make a chart listing the pros and cons of a year-round school schedule.
