GEOMETRY MONSTER GLYPH

This project is to be completed once your students are familiar with the following:

- Polygon vs. Not a Polygon
- Different types of polygons. Ie: triangles, quadrilaterals, pentagons, hexagons, and octagons
- Closed Shape vs. Open Shape
- Isosceles and Equilateral Triangles
- Acute, Obtuse, Right, and Straight Angles
- Intersecting and Parallel Lines

Geometry Monster Glyphs can be used as a form of review, to assess understanding, as a center activity, used for small group work, reinforcement exercise, etc…
Steps for creating your very own
GEOMETRY MONSTER GLYPH

Step #1: Gather supplies (ie: glue, scissors, markers, construction paper) Print the patterns provided on cardstock so that they can be cut out and used as traceable patterns or simply cut them out of file folders for durability.

Step #2: Review the geometry terms used in the assignment

Step #3: Go over the instructions and discuss how to complete the glyph

Step #4: Assemble your monster

Step #5: Use any extra scraps of paper to add accessories to your monster

Step #6: Share your monsters with the class
GEOMETRY MONSTER GLYPH

Today you will create your very own polygon monster!
Simply read the legend below and follow the directions provided.

<table>
<thead>
<tr>
<th>Color of Monster</th>
<th>Your favorite color</th>
</tr>
</thead>
<tbody>
<tr>
<td>Body</td>
<td>Select a polygon that has the same number of sides as the number of letters in your name. If your name has 7 or more letters, use the octagon.</td>
</tr>
</tbody>
</table>
| Eyes             | If you are a girl= Not a Polygon  
If you are a boy= Polygon |
| Mouth            | If you like geometry= Closed Shape  
If you do not like geometry= Open Shape |
| Teeth            | 2 or less vowels in your name= 2 Isosceles Triangles  
3 or more vowels in your name= 3 Equilateral Triangles |
| Antennae         | If 2 or less children in your family= Acute Angle  
If more than 2 children in your family= Obtuse Angle |
| Legs             | If you have a pet= Intersecting legs  
If you have no pets= Parallel legs |
| Arms             | If you have long hair= Straight Angles  
If you have short hair= Right Angles |

I can’t wait to see how your monster turns out!
